August 15, 2008

Laura E Sinram
Federal Elections Commission
999 E Street NW
Washington, DC 20463

Dear Ms. Sinram,

Today, Friday, August 15, 2008, I spoke with Marlene Daughtery to help clarify the issues raised in several letters I received from the FEC.

The letter dated July 30 referred to our Statement of Organization. The first paragraph stated that we need to provide a complete amended Statement of Organization. Marlene explained that the issue means that a piece of information is missing from the Statement of Organization. She opened up our file and determined that the Custodian of Records was originally left blank. If the Treasurer doubles as the Custodian of Records, then the entry for Custodian of Records should be filled in with the Treasurer's name. We also made the correction in question 2 of the letter which corrects our organization to have no affiliates and be listed an unaffiliated organization. Marlene was very helpful in navigating the software and explaining where to make the corrections.

CONCLUSION: The Statement of Organization filed on 6/24/08 is to be amended with a Custodian of Records. Other organizational changes, such as the addition of a bank account and change in Treasurer, can be included with the amended Statement of Organization.

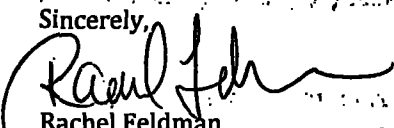

Letters dated August 8 & August 13 both cited a problem with the aggregate year-to-date totals from several individuals. Marlene was at a loss of how the software could be manipulated to not have the correct total. We discussed the large number of conduit filings that are entered as memo statements, but they appear to all be entered correctly.

CONCLUSION: Marlene would speak to Laura Sinram who would be back in the office on Monday to determine a plan of action. I will call on Monday to follow-up.

The letter dated August 13 contained questions regarding our annual Mission to Washington. I explained the nature of the Mission to Marlene; that it is a group of citizen advocates traveling to DC to meet with 500 members of Congress. She agreed that our Mission does not require information on Lines 23 or 24 as it is not on behalf of specifically identified candidates.

CONCLUSION(S): NORPAC should file a Form 99 Miscellaneous Electronic Submission to explain our Mission and specifically address the items referenced in the letter. The statement should separately address general expenditures and expenditures for public communications. OR, if amendments are required to correct the aggregate totals, a memo entry on the entire report can include the Mission information instead of filing the Form 99.

Sincerely,

Rachel Feldman
Treasurer
